

Denark Construction, Inc. Receives the East Tennessee Business Ethics Award

Denark Construction was awarded the second annual East Tennessee Business Ethics Award sponsored by the Knoxville chapter of the Society of Financial Service Professionals and The Knoxville News-Sentinel in partnership with local chambers of commerce. Local business leaders judged several nominees for the award on the following criteria: executive commitment to business ethics, an ongoing ethics program, ethical conflict resolution procedures, ethical business practices, and good corporate citizenship.

Denark is extremely honored to have received this prestigious award. We are pleased that our diligence to ethics over the past seventeen years of our existence has been recognized.

Denark submitted over 30 pages of examples and documentation describing our Code of Ethics; our strict adherence to safety, quality, client service; and our managed growth through business planning. At Denark, one way we gauge our overall success is by the number of repeat clients. A recent analysis showed a 73% repeat client rate.
